PUBLISHERS

SAN FRANCISCO, CALIFORNIA

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To cooperate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Coastwide banking service

In 1864, a bank that adhered to an essentially commercial type of service was ahead of its day, for commercial and industrial progress on the Coast had hardly begun.

Since then, the unified development of the three Pacific states has demonstrated, many times, the foresight of the founders of The Bank of California. The steady growth of this bank (since 1864 in California, 1882 in Oregon and 1889 in Washington) rests on its close relationship with all major industries of the West.

Power of Advertising

The *City Directory* is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Good Business Insurance

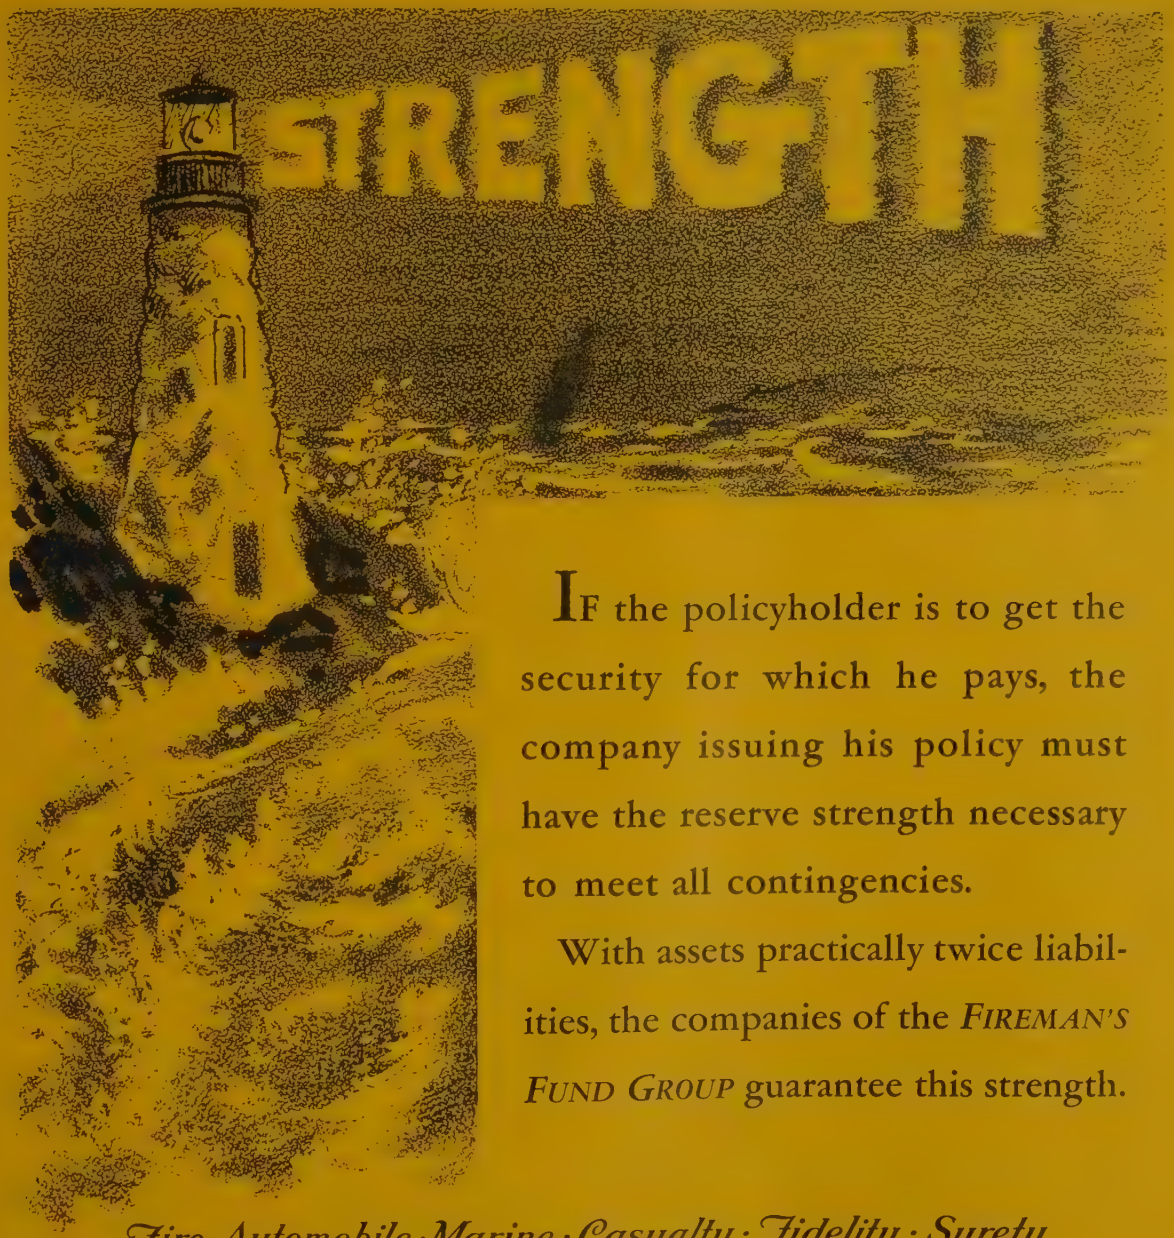
Your advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active 365 days every year—let it serve you as it does others.

Our representative will be pleased to explain the value of reference advertising.

R. L. POLK & CO.



IF the policyholder is to get the security for which he pays, the company issuing his policy must have the reserve strength necessary to meet all contingencies.

COMMON SENSE

ABOUT CITY DIRECTORY CIRCULATION

The true value of advertising circulation is circulation consulted.
To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.
To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.
For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$1000 \times 3\frac{1}{2} \times 305 = 1{,}067{,}500$

Read what

America knows but one direction, and that is—*onward!* Time will bring changes, but *not* in the *main course*. The openings and opportunities for men and women who can *do* things, who *know their jobs*, are becoming more numerous. Our schools should bear this in mind and prepare their students *for life*. Every school should be a place where students *learn by doing*.

Henry Ford

Henry Ford says—

BUSINESS is on the upswing.

Good positions are opening up every day.

Give that boy or girl of yours the TRAINING that will make them independent—the type of training to which Henry Ford refers.

A good business training is the shortest route to a good position.

The Heald Trained forge ahead.

BUSINESS, PRIVATE SECRETARY, ACCOUNTANCY, ENGINEERING.

Send for free information as to how Heald's can help your boy and girl succeed.

Telephone OR dway 5500, or better, come to Heald College, ask for Mr. Lesseman.

He has helped thousands of young men and women get started in the Right Direction.

Take the first step—call Heald's today.

Your son and daughter will thank you in the years to come.
